# Secondary Student Handbook

## Welcome to the DSBN Family!

We are looking forward to working with you and your family to support all students.

The purpose of this handbook is to give you an understanding of how we support a safe, inclusive, welcoming school culture focused on student learning. In the following pages, you will see the commitments we make to you and your students. This handbook also outlines the principles of good citizenship for all members of our educational community.

One of our most important commitments is to open communication between the school and home. If you have any questions about this handbook, we encourage you to contact the school who will be happy to discuss them with you.

### COMMUNICATION

The relationship between parents and the school is a key component of student success. Our staff work hard to foster open communication with parents. If you have feedback or concerns about your student’s education, we invite you to contact your student’s teacher as a first point of contact.

We use a variety of tools to provide families and the community with timely information about the school and activities.

These tools may include:

## PARKING/SAFE DRIVING

Parking and driving on school property are a privileges which may be withdrawn as the result of careless driving. Students MAY NOT sit in, or socialize, around the cars in the parking lot during the school day, including during the lunch hour.

## SCHOOL BUSESSES

Students living a distance from the school are provided with bus transportation by the District School Board of Niagara. It is expected that students will comply with the authority of the school bus driver and the basic rules that are established for the safe riding of school buses. Students are expected to behave as they would if they were in school. Failure to do so could result in the removal of bussing privileges.

## PICK UP/DROP OFF

Pick up and drop off are some of the busiest times of the day, with many buses, students and parents in our parking lot. The procedures we have in place are designed to support a safe, smooth and efficient transition for everyone at these critical times. To support student safety, we ask that you pick-up and drop-off students at the back of the school. Stopping out front of the school causes many traffic issues that become a barrier to student safety.

## SAFE ARRIVAL/ATTENDANCE PROCEDURES

Our school has an easy method for you to report your student’s absences. With Safe Arrival, you can report daily absences and schedule absences by doing one of the following:

- Calling the toll-free phone line at 1-866-479-3261
- Logging on to the web portal at [www.safearrival.com](http://www.safearrival.com)
- Using your smart phone or tablet. Simply download the School Messenger app

We ask that you report all absences prior to bell time for the current day. To support the safety of our students, if your student is not at school and has not been reported absent, our staff will attempt to reach you and your contacts to confirm their whereabouts. If a student arrives late to school or needs to leave early, they must sign in/out. It is the responsibility of the student to make up missed work.

## BUS TICKETS/ TRANSPORTATION

In most situations, eligibility for transportation is determined by the student's home address or according to specific speciality program enrolment. Questions regarding the eligibility for bus transportation may be directed to the Niagara Student Transportation Services (NSTS) at 905-346-0290 or visit at [www.nsts.ca](http://www.nsts.ca)

St. Catharines Transit Commission bus tickets may be purchased from the Main Office at lunch and after school. Ticket prices are \$2.50 per ride, sold in double-rides at \$5.00. Payment can be made in cash. *This fee is subject to change by the St. Catharines Transit Commission.*

## SKATEBOARDS, LONGBOARDS, ROLLERBLADES & BIKES

*As per District School Board of Niagara policy, skateboards, longboards and rollerblades are NOT permitted at school nor are they permitted to be used anywhere on school property.*

Continued violation of this safety rule may result in the confiscation of these items by administration. Students who ride their bikes to school must store them in the bike rack outside. The school is not responsible for the security of bikes that are stored in the bike rack outside so please ensure they are properly secured with an appropriate lock. Bikes MAY NOT be stored inside the school.

## DRESS CODE

Everyone has their own unique style and aesthetic. We celebrate students' individuality and respect their ability to express themselves. Our only expectation is that all students come to school dressed appropriately for a learning environment.

When deciding clothing, we ask that all members of our school community are mindful of:

- Health and safety considerations
- The dignity and well-being of all students and staff (i.e. clothing that is free of inappropriate or discriminatory imagery or wording).

## MULTI SUBJECT INSTRUCTIONAL PERIOD (MSIP) **\*\*\*not available semester one due to COVID restrictions and scheduling procedures**

At our school, student success is supported by a creative timetable structure that provides a mandatory one-hour (per day) academic support for each student, each semester. The MSIP period may be used to:

- Complete work as instructed by classroom teachers
- Work quietly on individual homework or on assigned group work
- Complete missed tests, labs or in-class assignments
- Engage in workshops and presentations on academic and/or well-being learning topics designed by DSNB staff.

## AGE OF MAJORITY

Students who have attained the age of 18 are treated as adults in the educational setting. Reports regarding attendance and achievement are issued directly to the student and notes or phone calls from parents regarding absences are not required.

Additionally, parents should be aware that the automatic phone system for student absence does not call the homes of 'age of majority' students. Students 18 years of age or older are permitted, and expected, to take responsibility for their attendance and achievement. They may sign themselves out at the Attendance Office without parental permission. Students are reminded however, that with age and privilege comes responsibility.

Being 18 does not mean that students can sign themselves in and out without reason. In addition, students are responsible for the consequences of their decisions.

## ALCOHOL AND DRUGS

# Secondary Student Handbook

---

GSS promotes healthy lifestyles as described in the Ontario Curriculum and its expectations. Any action that is illegal in society is not permitted in school. The possession and use of alcohol and/or drugs by all students while on Board property, school buses, and while attending school and Board-sponsored events is strictly prohibited.

Students found to be in violation of this policy will be subject to progressive discipline. In striving to maintain a drug and alcohol-free environment, our school will make use of a variety of means to ensure the safety of all.

## ASSESSMENT AND EVALUATION FOR GRADES 9-12

The primary purpose of assessment and evaluation is to improve student learning. Teachers use assessment to gather information about students' strengths and needs as learners to assist in planning and evaluation to judge how well students are meeting the Ontario Curriculum expectations.

As part of the assessment process, teachers provide students with descriptive feedback and coaching for improvement. Teachers engage students in assessment and learning by helping all students develop their capacity to be independent, autonomous learners who are able to set individual goals, monitor their own progress, determine next steps, and reflect on their thinking and learning.

Evaluation refers to the process of judging the quality of student learning based on established performance standards and assigning a value to represent that quality. Students are responsible not only for their behaviour in the classroom and the school but also for providing evidence of their achievement of the overall expectations within the time frame specified by the teacher, and in a form approved by the teacher.

Students must understand that there will be consequences for not completing assignments for evaluation or for submitting those assignments late (*Growing Success, p. 43*).

## ROLES AND RESPONSIBILITIES FOR LATE AND MISSED ASSIGNMENTS FOR EVALUATION

### Teachers will:

- Maintain ongoing and timely communication with students, parents/guardians and administrators
- Establish deadlines, in collaboration with students, for assignments for evaluation and clearly communicate those deadlines to students, and, where appropriate, to parents/guardians
- Use appropriate strategies, based on their professional judgement, to help students provide the required evidence of their learning
- Communicate with and return work in a reasonable timeframe to students
- Ensure the needs of students with exceptionalities are met, consistent with the strategies outlined in their Individual Education Plans (IEP).

### Students will:

- Be responsible for providing evidence of their achievement of the overall expectations within the timeframe specified by the teacher, and in a form approved by the teacher
- Be encouraged to discuss assignments and issues with timelines with their teachers
- Understand that there will be consequences for not completing assignments for evaluation and/or for submitting those assignments late.

## DETERMINING A REPORT CARD GRADE

Before making a decision about the grade to be entered on the report card, teachers will consider:

- All individual evidence collected through observations, conversations, and student products
- Equity, by ensuring evaluation is completed whenever possible, with teacher supervision
- Assignments for evaluation must not include homework or practice opportunities
- Assignments for evaluation may involve group projects as long as each student's work within the group project is evaluated based on independent work and individual skills

- The impact that missing or incomplete assignments will have on the student's overall grade.

## STUDENTS WITH SPARES

Students with spares are asked not to wander the halls. To avoid unnecessary disruptions to other classes, students with spares are asked to go to the Learning Commons, the cafeteria or to leave the building. **Students in Grades 9 and 10 are not permitted to have spares.**

## HALLS

Students are expected to refrain from any behaviour which endangers personal safety or the safety of others. Among such behaviours are pushing and shoving, horseplay, and running in the halls. Offensive or obscene language and profanity are also unacceptable. With the exception of students requiring access to their lockers for legitimate reasons, the halls are out of bounds while classes are in session. Students on spare are expected to work quietly in the designated areas.

## CAFETERIA AND LUNCH HOUR *\*\*\* Hours and expectations may vary due to COVID protocols*

The cafeteria is open daily from 7:30 a.m. until after lunch. All students share the responsibility to keep it clean, and are expected to cooperate by clearing their own garbage/litter from their tables by putting their trash in the appropriate receptacles. Students may also eat lunch in the Library at lunch time that will be teacher supervised.

Students may eat outdoors during nice weather providing that all litter is placed in the proper receptacles. Students are permitted to eat in the halls on the first floor where there is teacher supervision. The second and third floor are out of bounds during the lunch hour.

Students are expected to cooperate with the student leaders (i.e., Link Crew) and teachers who are on supervision duty in the cafeteria each day.

## ASSEMBLIES

Assemblies are for all students, whether or not they are on a spare. All students present at an assembly must demonstrate respect for our guest presenters by refraining from talking during a performance or a presentation. In keeping with our school rule, cell phones may not be used during an assembly. In true "Simcoe" fashion, it is appropriate to show our appreciation for a presenter at the end of any assembly with applause. In respect for our guest speakers/presenters, students are asked to remain in an assembly until it is over.

## CO-CURRICULAR ACTIVITIES

Student involvement is an integral part of school life at Governor Simcoe. Students are encouraged to become involved in school activities. Eligibility for a school team and/or club is maintained as long as:

- a) during the playing season the student has a minimum of 3 semestered classes
- b) the student has at least a 50% average, and,
- c) is not encountering attendance and/or discipline problems.

**School trips** are available to students in good standing. The staff member in charge of the trip and the Principal and Vice-Principal have the responsibility to exclude from the trip any student whose past poor behaviour and attitude make them a potential concern on a trip.

## **INDIGENOUS SELF-ID**

The DSBN provides programs and measures to support all First Nations, Métis, and Inuit students. All First Nations, Métis, and Inuit students have the right to voluntarily self-identify so that they may receive supportive programming and instructional practices that better serve their learning needs. The first such measure in recognizing this right is to establish self-identification procedures to identify, collect, and aggregate student achievement data for students.

### **Who Can Identify?**

Any student of Indigenous ancestry, First Nations (Status, Non-Status), Métis, or Inuit can identify. This process is completely voluntary and confidential, and no proof of ancestry is needed.

### **How is the Data Collected?**

Students can identify by filling in the student registration form or the student information update form any time during the school year.

### **What if I Do Not Wish to Participate?**

Students and/or Parents/Guardians who do not wish to participate will not check off any box. The self-identification will remain open to all who attend the DSBN. You can activate self-identification at any time by requesting a student registration form or self-identification postcard from the main office.

## **FIELD TRIPS/EXPERIENTIAL LEARNING**

Field trips and experiential learning provide your student the opportunity to learn outside of their classroom. When planning these experiences, we consider curriculum connections, safety of students and accessibility for all. We will work together to address any barriers to your student's participation.

## **USE OF TECHNOLOGY FOR LEARNING**

To enhance the learning and empowerment of our students and maintain an effective and safe electronic learning environment, the DSBN requires that all students follow the rules and regulations set by the Ministry of Education.

## **REPORT CARDS/PARENT & TEACHER MEETINGS**

Each semester, there are three reporting periods: progress report, mid-term report and final report. After the progress report, parents can meet with their student's teacher.

## **ACADEMIC INTEGRITY**

DSBN schools strive to help students develop integrity, a strong work ethic, learning skills and work habits needed for success beyond school. Academic integrity means that students complete their own work, ask the teacher questions if they are unsure, and use proper citations when using another person's work for reference.

# Secondary Student Handbook

---

Plagiarism is when students claim that schoolwork they have submitted is theirs, even when a part or all of it has been taken from an uncredited source.

## Some examples are:

- Using a sentence word for word without citing the source
- Using diagrams, charts, graphics, without citing the source
- Submitting work by another person and claiming it as your own
- Paraphrasing without citing the source
- Copying and pasting from the internet

## What is a Proper Citation?

A citation is when the student gives credit by including the name of the author, title of source, and location of the original source. An example is, "Trudeau, J. 2019. Statement by the Prime Minister on Earth Day. Accessed from: <https://pm.gc.ca/eng/news/speeches>"

## CONSEQUENCES

Consequences for academic dishonesty are considered on a case-by-case basis. Teachers use their professional judgment in cases of suspected academic dishonesty. Consequences may include one or more of the following:

- Redoing part or all of an assignment
- Completing an alternative assignment
- A loss of marks
- A mark of zero
- Suspension

## COMMUNITY INVOLVEMENT HOURS

Every student who begins secondary school in Ontario is required to complete a minimum of 40 hours of community involvement to receive their diploma. This requirement encourages students to develop an understanding of the various roles they can play in their communities and to help them develop a greater sense of belonging within their communities.

Talk to Guidance to learn more about how to earn and track your hours.

## HONOUR ROLL

DSBN secondary schools value the commitment and hard work of all our students. The honour roll is one way that students can be recognized for their academic accomplishments. ## **CODE OF CONDUCT**

District School Board of Niagara (DSBN) believes that a school should be a place that promotes responsibility, respect, civility and academic excellence in a safe learning and teaching environment. A positive school climate exists when all members of the school community feel safe, included, accepted, and agree that it is the responsibility of all individuals to actively contribute to a positive school climate.

The DSBN believes that to foster a positive school climate that supports student achievement and well-being, a focus should be on prevention and early intervention strategies to address inappropriate behaviour. These standards of behaviour apply whether on school property, on school busses, or other transportation means supplied by DSBN, at school-related events or activities or in any other circumstance that could have an impact on the school climate.

# Secondary Student Handbook

---

The provincial Code of Conduct outlined in PPM 128, revised October 17, 2018, sets clear provincial standards of behaviour. According to PPM 128, the following responsibilities are outlined to support a collaborative ownership of the code of conduct. All DSBN schools will have a link to policy G-08: Code of Conduct for Schools on their website and if applicable, in their school agendas.

## PURPOSES OF THE CODE

Subsection 301(1) of Part XIII of the Education Act states that “the Minister may establish a code of conduct governing the behaviour of all persons in schools”. Subsection 301(2) sets out the purposes of this provincial code of conduct, as follows:

- To ensure that all members of the school community, especially people in positions of authority, are treated with respect and dignity
- To promote responsible citizenship by encouraging appropriate participation in the civic life of the school community
- To maintain an environment where conflict and difference can be addressed in a manner characterized by respect and civility
- To encourage the use of non-violent means to resolve conflict
- To promote the safety of people in the schools
- To discourage the use of alcohol, illegal drugs and, except by a medical cannabis user, cannabis
- To prevent bullying in schools

## STANDARDS OF BEHAVIOUR

Respect, Civility, and Responsible Citizenship. All members of the school community must:

- Respect and comply with all applicable federal, provincial, and municipal laws
- Demonstrate honesty and integrity
- Respect differences in people, their ideas, and their opinions
- Treat one another with dignity and respect at all times, and especially when there is disagreement
- Respect and treat others fairly, regardless of race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, gender identity, gender expression, age, marital status, family status, or disability

## TEACHERS AND OTHER SCHOOL STAFF

Under the leadership of their principals, teachers and other school staff maintain a positive learning environment and are expected to hold everyone to the highest standard of respectful and responsible behaviour. As role models, teachers and other school staff uphold these high standards when they:

- Help students work to their full potential and develop their sense of self-worth
- Empower students to be positive leaders in their classroom, school, and community
- Communicate regularly and meaningfully with parents

## SCHOOL ADMINISTRATORS

Under the direction of DSBN, school administrators take a leadership role in the daily operation of a school. They provide this leadership by:

- Demonstrating care for the school community and a commitment to student achievement and well-being in a safe, inclusive, and accepting learning environment
- Holding everyone under their authority accountable for their own behaviour and actions
- Empowering students to be positive leaders in their school and community
- Communicating regularly and meaningfully with all members of their school community
- Maintain consistent and fair standards of behaviour for all students
- Demonstrating respect for one another, all students, parents, volunteers, and other members of the school community
- Prepare students for the full responsibilities of citizenship

## STUDENTS

Students are to be treated with respect and dignity. In return, they must demonstrate respect for themselves, for others, and for the responsibilities of citizenship through acceptable behaviour. Respect and responsibility are demonstrated when students:

- Come to school prepared, on time, and ready to learn
- Show respect for themselves, and for others, and for those in positions of authority
- Refrain from bringing anything to school that may compromise the safety of others
- Follow the established rules and take responsibility for their own actions

## PARENTS/GUARDIANS

Parents/Guardians play an important role in the education of their students and can support the efforts of school staff in maintaining a safe, inclusive accepting, and respectful learning environment for all students. Parents/Guardians fulfill their role when they:

- Are engaged in their student's schoolwork and progress
- Communicate regularly with the school
- Help their student be appropriately dressed and prepared for school
- Ensure that their student attends school regularly and on time
- Promptly report to the school their student's absence or late arrival

## **COMMUNITY PARTNERS**

Through outreach, existing partnerships may be enhanced and new partnerships with community-based service providers and members of the community (e.g., Elders, Senators, Knowledge Keepers) may also be created. Community-based service providers and resources that boards can use to deliver prevention or intervention programs are valuable contributors to our students' education and success. Protocols are effective ways of establishing linkages between boards and community-based service providers and of formalizing the relationship between them. These partnerships must respect all applicable collective agreements.

## **POLICE**

The police play an essential role in making our schools and communities safer. The police investigate incidents in accordance with the protocol developed with the DSBN. These protocols are based on the Provincial Model for a Local Police/School Board Protocol, 2015, developed by the Ministry of Community Safety and Correctional Services and the Ministry of Education.
