

Permission to Communicate Form

At Governor Simcoe we work closely with our elementary schools within our boundary to ensure a smooth transition for our students entering into grade 9. During our transition planning we discuss each student's academic, social and emotional strengths and areas for growth. This transition planning takes place in the spring of grade 8 and is used to design the best timetable possible for each student.

Since your child does not currently attend a District School Board of Niagara school, we request your permission to communicate with your child's current elementary school in the spring of 2021 (April – June).

Please complete the information below and return this form with your completed registration materials in the provided envelope.

I/we _____ **give permission** to Governor Simcoe
(parent/guardian name – please print)

Secondary School to contact my child's current elementary school to discuss my child's transition plan for high school.

Name of Child (please print): _____

Parent/Guardian Signature: _____
